

Arcadia Boy Rescued By Local Team

by Bill Work

A 12 year old Arcadia boy stranded on a cliffside was rescued Saturday night by members of the Sierra Madre Search and Rescue Team, Los Angeles County Sheriffs and Forest Service Personnel.

John M. Pantone of 670 Hampton Rd. and his neighbor Harlan Hopkins, 12, decided to explore Olene Canyon while on a picnic with their families at Chantry Flats. San Olene is the rugged little canyon that bounds the northern edge of the picnic area.

Pantone was attempting to scale the north slope when some earth and rocks gave way and he became stranded about 400 feet up. He clung on to his precarious perch as Hopkins ran for help.

After calling the Search and Rescue Team Rangers Ralph Shangraw and James Claw made their way above the boy and secured him with a rope. But because of the loosened shale and danger of falling rocks they were unable to lift him from the crevice. It was 7:30 p.m. Arriving at the scene, the members of the Rescue Team scaled the wall and started bringing the boy down. At dark floodlights from the Forest Station were turned on. Ken Shirley of the County Sheriffs Office arrived with walkie talkies and assistance. Raymond Smith and Jerry McKanice who were in the area also assisted in the rescue. The boy was delivered safely to his parents at 9:40 p.m.

Mrs. J. A. Ross

City Sued On Two Counts By Former City Employee

NEWLY INSTALLED OFFICERS of Don Benito PTA for 1963-1964 year are left to right: Mrs. Neal Rowley, first vice president; Mrs. Ben Mead, president, and Mrs. Malcolm Murison, third vice president. They will be installed at the Appreciation Luncheon, Friday, June 14.

Flag Day

One hundred and eighty six years ago, on June 14, the Continental Congress adopted the Stars and Stripes as the American Flag. Although historians discount the Betsy Ross story and deny that Washington bore the flag across the Delaware; although there are those who denigrate its patriotic symbolism and even belittle patriotism itself, there still is something in the sight of the flag that stirs most Americans. Too many have bled and died defending the principles it represents, too many have found in it a strong beacon of hope, of protection, of release, to let us lose entirely our national respect and love for it.

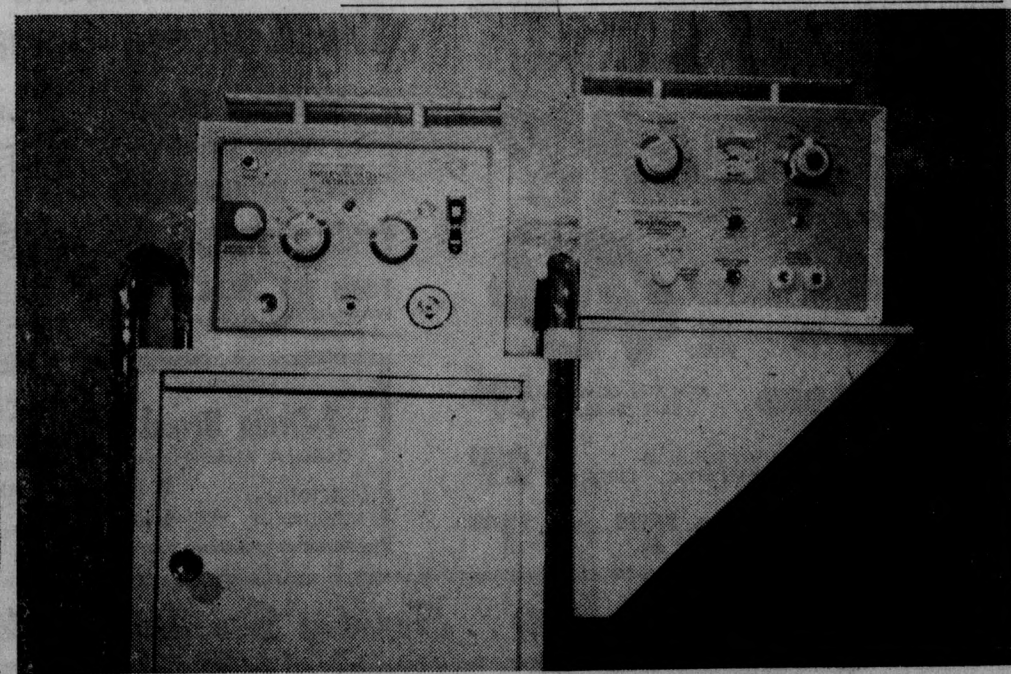

So fly the Flag! Fear not to display your love of nation! For that love is in reality a love of mankind itself, and through mankind the God who created us all, who destined for all men the unalienable rights for which this nation stands.

SM Hospital Receives Equipment

Sierra Madre Community Hospital has received new equipment as a donation. Mr. Fuller, administrator, announced today the receipt of two new pieces of equipment donated by the Sierra Madre Community Hospital Auxiliary and proceeds from the Wade Fund. The new equipment is a defibrillator (internal and external) and heartpacer.

The equipment is the most modern and up to date devices used as an aid in reviving a patient's heart by electrical shock and then assisting the heart to regain its normal beat.

Mr. Fuller indicated that the value of this equipment should not be measured in dollars and cents but the application in terms of a life-saving device. One life saved will more than offset the cost of the equipment.

NEW EQUIPMENT at the Sierra Madre Community Hospital includes a Defibrillator, which is used as shock treatment for reviving a stopped heart and a Heartpacer, its purpose is to maintain the heartbeat, and assist the heart to regain its normal beat.

Council Sincere In Its Attempt To Cut Expense

The City Council met in regular session on Tuesday evening at the hour of 8 with Councilman Vannier absent, City Attorney Martin, City Administrator Bevington, and Secretary Marie Brunning in their respective chairs.

A continuation of the rezoning of the Thompson property from R-1 to R-3 was disapproved and denied by the City Council on the grounds that it was against the Ordinances of the City and not within the bounds of the welfare and safety of the community.

Remove Trash

A letter concerning 72 Monterey Lane was read, and a charge was made, that the condition of the property was in violation of the Weed Abatement Program and the Trash Ordinances of the City, and the City Administrator was ordered, to cause to be removed, materials on City property at the expense of the property owner.

Bids

The Council authorized the City Administrator to take bids for street sweeping on a one year and alternate 3 year basis. It being felt that the city may be able to save as much as 3 to 5 thousand dollars over a five year period by not owning equipment on maintaining street sweeping. This is a "look see" attempt.

Save \$20,000

Due to the rains and other conditions, it was reported that our water level was at the 500 foot mark and that water would not have to be purchased this year from Arcadia, hence it was the recommendation to the Council that the preliminary request to purchase water be cancelled. This will be a savings to the city of approximately \$20,000 for the year.

The city fire department was given authorization to purchase 600 feet of 1 1/2 inch hose and 700 feet of 2 1/2 inch hose at a cost of \$1,470 which was a budgeted item for the 62-63 year.

The City Council was given notice that Arthur Kelly, former city street foreman of the City of Sierra Madre had filed two separate suits.

S.M. Community Hospital Hires New Administrator

The Sierra Madre Community Hospital Foundation announces the recent hiring of Melvin L. Fuller as administrator.

Mr. Fuller's academic and practical training in the hospital field began in 1948. Since that time he has worked as a surgical technician; he is a registered x-ray technician, has worked in clinical laboratories and while in college spent four years as an administrative assistant. Having graduated from Fort Hays Kansas State College, Fuller eventually felt the desire to return to California to continue his career in hospital administration.

Mr. Fuller has expressed a strong desire to develop and grow with Sierra Madre and the hospital. Fuller is a family man with three children and he tells us his wife comes from Nanakuli, Oahu—and we hear she knows how to do the hula.

TOP ROW: Mrs. Gonzales Rios, Mr. Gonzales Rios, Mr. Alminaque, Antonio Aguilar, Mr. Aguilar, Alexandro Aguilar, Mrs. Aguilar, Mrs. Juan Fallero, Mr. Juan Fallero. Bottom row: Ada Marie Rios, Mrs. Alminaque, Olga Marie Fallero and Father O'Malley. These are Cuban refugee families who have settled in Sierra Madre and were sponsored by the Christian Family Movement of St. Rita's Parish.

Sierra Madre's New Residents; St. Rita Sponsored Cuban Refugees

"I hope Americans will never have to live with Communism — no one can possibly imagine the horror of Cuba under Castro." So spoke Senor Carlos Alminaque upon arriving in Sierra Madre last December with his wife Alicia to join other Cuban refugee families who have settled here.

They are the victims of the communist upheaval which has forced thousands of Cuba's best citizens to leave their families, friends, homes and businesses and to seek haven in the United States. Sierra Madre's new residents are, besides the Alminaque's, Senor and Senora Juan Fallero, daughter Olga Marie, Senor and Senora Antonio Aguilar, their boys Antonio and Alexandro, and Senor and Senora Jose Gonzales Rios and their daughter, Ada Maria. The Cuban families were sponsored by members of the Christian Family Movement of St. Rita's Parish, general arrangements for re-settlement having been made by the Catholic Welfare Bureau in Los Angeles.

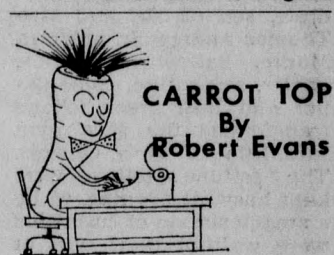

Juan Fallero, who had to leave a successful trucking firm which he owned in Cuba, was the first to bring his family to this city. He secured employment the next day, and both he and his wife are currently wage earners.

A short time later as a result of the excellent impression made by the Falleros on the sponsoring group, Aguilar, an accountant and sales manager for Moore Business Forms in Cuba, and Alminaque, a custom broker, arrived with their families. They too want to work immediately. Since each family is related, the problems of getting settled in their new homes have been shared. Rios, a veteran of the Bay of Pigs invasion, and a marine mechanic, was the last to arrive with his family.

While in Miami, none of the Cubans were able to find regular employment. Alminaque worked four weeks in 16 months, Fallero and Aguilar fared little better, because of the impossibly crowded conditions in Miami. Describing Miami as a city of generous people

which has become a powder keg, Senor Aguilar stated, "There is no hope left in Cuba."

Well, happy Fathers Day to you, too! Since mother had her day in May, my daughter, Candace, is constantly asking me when will it be "Childs Day." The fact that I tell her that every day is Childs Day doesn't get very far sans the opening of packages. What's the matter with the Associate Advertising Association of America? They are missing a bet by ignoring this subject. Why not combine it with "Labor Day"—they seem to go hand in hand.

Anyway, some children seem to over-protect their parents, like the young boy who went off to summer school and neglected to show his father how to run the power mower.

Speaking about children and this generation, Charley Ower, of the Toy and Patio Village, was telling me the other day that the new trends in porch furniture have left us with an entire generation that knows absolutely nothing of the skill required to get in and out of a hammock.

Of course, much has been said about nuclear fallout. The latest is that they fear it might cause mutations, such as a race of two-headed children. This, of course, might not be such a bad idea, now that they have to watch television while studying.

Leland Marsh brought me a newsletter from Congressman Allen Smith. I was very interested in his article on "Federal Aid to Education." Seems that bill passed the House in April for federal aid in training of physicians, dentists and professional health personnel, and he stated that this measure would be the "first big step toward complete federal control of education."

Congressman Smith took the time to explain that it would take some 350 million a year for direct grants and loans, and he is against this type of program.

In all the battles in the Federal and State Government of "Aid to Schools," seems to me that something is lacking in the current battle. The spendthrifts who want the government to subsidize our schools, don't explain now the schools should operate.

Shucks, to me that's easy. By 1968, the school superintendent would do it this way:

Parent: "My child says the cafeteria food is bad."
Superintendent: "Why tell me? Write the Secretary of Agriculture."

Parent: "How come my boy was kept after school for throwing spitballs?"
Superintendent: "Detention for spittingball was upheld by the United States Supreme Court vs. Joynes, May, 1967."

Janitor: "I want a raise."
Superintendent: "No problem."

SIERRA MADRE Civic Club president, Mrs. Frank Ross presents Police Chief Gordon McMillan with a check for \$343.20 to cover the purchase of a new Emerson Utility model resusitator. The new resusitator will be kept at the police station. Proceeds of the Club's salad luncheon held last April helped to make this gift possible for the benefit of all residents in this community.

Weekly Shades Of Hastings

No wonder foreigners get confused at Americans. Just consider how many things we say to one another that really show complete lack of thought. For example, how often have you met someone on their return from vacation and said, "Oh, are you back?" And what would you do if someone really told you "how they are?" Someone walks into your house, sees you talking on the telephone, and what do they say? — You know! "Are you on the phone?" You're stalled at an intersection, frantically trying to start your car, and someone is sure to pull up and ask, "Are you having trouble?" We probably should think more and talk less, but who wants to be sensible? We certainly don't!

Mardi Gras
Both the graduating students and their parents are recovering from the John Marshall Junior High graduation prom. Mardi Gras was the theme for this annual event. As the students entered, the girls were given sequined butterflies for their hair, and the boys received lapel pins in the form of a tiger, the school emblem. The Mardi Gras was ruled over by Queen Linda Nilsson, daughter of Mr. and Mrs. Carl Nilsson of Leonard Ave. and King Tommy Andrew, son of Mr. and Mrs. Thomas Andrew Jr. of Sierra Madre. Balloons, masks, glitter, serpentine, crepe paper and lush green foliage transformed the girls' gym into little Old New Orleans. The fortune tellers were kept busy all evening, while a steady stream of customers were waiting their turn at the photography booth. The game rooms were bursting at the seams!

Perhaps one of the nicest things about this kind of event is the interest shown by the parents, the students and the teachers. Mr. Teut and his crew of Marshallites worked diligently and most cooperatively whenever and

wherever they were needed to help with the decorations and preparations for this most successful big night.

As in all such events there is always a group that outdoes itself in time and effort and we would like to publicly give credit to the following parents: Mr. and Mrs. George Fasching (he was Emcee and she was Mardi Gras chairman), Mr. and Mrs. Raymond Cox, Mr. and Mrs. Gordon Foster, Mr. and Mrs. Donald Schneider, Mr. and Mrs. Howard Switzer, Mr. and Mrs. Joe Bieser, Mr. and Mrs. Ben Souther, Mr. and Mrs. John Erbach, Mr. and Mrs. Ben Mead, Mr. and Mrs. Henry Evans, Mr. and Mrs. George Davis, Mr. and Mrs. Tom Andrews, Mrs. Jason Fields, Mrs. Rod Carley, Mrs. Dwight Smith and Mrs. James Smith. The Morozovs and the Rowleys did their bit, too.

Color Is The Thing
Members and guests of Las Campanas Luncheon Club enjoyed the installation of new officers. The outgoing president, Betty Knudsen, received an engraved charm bracelet from the board. The new officers were presented with badges of office in the form of leis constructed by the outgoing board.

Installation was followed with a discussion of color in the home by Mrs. Eshback, a local decorator. She explained that color is a stimulant to the eye. It comes from nature and is used to make rooms seem larger or smaller, darker or lighter, and warmer or cooler. One should try to gear color in the home to the whole family, thus reflecting not only your own personality, but that of the entire family as well. She finished by stating that good decorating does not necessarily have a price range, but should be a very practical thing. Decorating today is available to the average person, where previously only the very wealthy could afford this service.

Prize Department
Bob Willis, son of Mr. and Mrs. Robert L. Willis on Valley View, has been chosen for an experiment in international living. He will stay in the home of a Dutch family for a month, and then tour Europe. Joining a group of young people, we will travel by bicycle, train, bus and hiking. Bob is one of three Pasadena High School students selected among a group of 3,000 United States young people to take part in this experiment. A private organization with headquarters in Putney, Vermont, is sponsoring the venture. He will attend an orientation session at Brattleboro, Vermont, before leaving for his two-month trip. These students are chosen by teacher

The guests arrived at the home of Gordon and Fran Wright, where they enjoyed a moving van, along with the refreshments for the evening. Upon arriving at the Hunts' new residence, the driver went to the door and informed Bob and Jane that a sofa had

been found in the warehouse with their name on it. When the entire Hunt family looked into the van, there they found the party ready and waiting for them. Invitations for this affair were in the form of wigwams, and the Hunts were presented with a large bur-lap wigwam decorated with green bills, and containing a bag of wampum. Leading up to the wigwam was a red carpet adorned with little figures representing each guest. Those planning the party were Allen and Kay Pulsifer, Dale and Penny Sandro, Bill and Pat Dixon, Ed and Muriel Eley, Don and Pat Giangregorio, Bill and Virginia Spalding and Gordon and Fran Wright.

Other guests included Messrs. and Mmes. Edwin Corbin, Robert Williams, George Richters, Frederick Larkin, Talbot Callister, Harry Melly, Roland Kemp and Anthony Boland.

Happy Birthday
It was a pink and white seventh birthday anniversary for Joni Fletcher, daughter of Mr. and Mrs. Dan Fletcher. Her guests enjoyed luncheon (even the cake was pink and white), followed by games. Movies were taken for the entire party for later viewing pleasure. Younger sister Judy, assisted, and other guests included Toni Evans, Cathy Lamb, Karen Jensen, Carol Pankey, Karen Sanders, Karen Toukdarian, Barbara Zeb, Susan Lible, Mike Huhn, Nat Blake, Glen McGivern, Gregory Pickett, Janis Mathieu, Mr. Cal Mathieu and Mr. and Mrs. Dan Fletcher, parents of the honoree.

Lucky, lucky parents! Now you have your children all to yourselves for the next two months. Car pools, snake collections, chemistry experiments, mice raising and many, many other interesting and desirable hobbies for the summer are in the offing. Be careful, you-all, don't step on that little lady bug—it might be a pet. MERCY!!!

WE NEVER did see Canada, but one night, coming out of Camp Katonka, we became lost in the woods.

We had just one flashlight. I knew where the car was parked, but Prather didn't agree. He grabbed the light and ran to the left.

Webb, being a peacemaker, stood his ground at the dark crossroad; ready to squash either one of us.

GUIDED by the stars, I went my own direction and found the car. My first reaction was to drive away and leave Prather wander until he dropped. (Even flashlight batteries can die.)

But I thought of Webb, so I turned the car around. When Prather squeezed into the seat beside us he handed me the flashlight.

WE NEVER did find Canada, but we knew we had discovered a wonderful country.

SPORTS

AS Hank Ives SEES IT

THE ANGELS are booming Julio Navarro for "Rookie of the Year" honors. The sturdy Puerto Rican has been sensational in the early going, taking over as dean of the bullpen. At the moment it would seem that most of his competition will come from the Yankees' Joe Pepitone and Jim Bouton, Pete Ward of the White Sox, the Senators' Ed Brinkman and Cleveland's talented pair of Max Alvis and Jose Davallillo.

RECOMMENDED READING... Hollywood Park's new booklet, "Railbird Handbook," it contains such pertinent info as the history of racing, complete dope on the thoroughbred, all about types of races, the racing strip, the race itself, plus supervision and protection used by the track, and how your money is broken down after you side up to the window for a two-dollar bet. Everything is there EXCEPT a tip on the winner of Saturday's race.

Just address a card or letter to Railbird Club, Hollywood Park, Inglewood, California. No box tops are necessary for this informative booklet.

DID YOU KNOW that a new Indianapolis-type speedway will soon be built in Ontario? This will spell the doom of the Riverside Raceway and it will become a housing development. 'Tis said that J. C. Agajanian has his finger in the Ontario pie. DOD'S DAY DUCATS for Dodger Stadium are virtually sold out. Too bad. Poppa's ticket was on the house.

SPECIAL KUDO to Nancy

Throop for her breezy newsletter covering all of the happenings in the Sierra Madre Little Leagues.

MIKE ANDERSON is a handy fellow to have around. He competed in the pole vault, shot put, javelin and hurdles for his dad's PCC track team, before slipping a disc in his back in the Southern California Relays.

THE PASADENA QUARTERBACK CLUB has already received confirmation from Ray Elliott to speak at one of their Friday luncheons during the grid season. Pardon the personal reference but Old Hankus is prexy of that group this year and would like nothing more than to see the membership increase substantially.

LA SALLE'S LANCERS named Geoffrey Parker, tennis star, outstanding athlete in spring sports. John Styles was batting champion, while Jay Zeigler and Larry Nordstrom were honored as the top men in golf and track.

EDDIE ARCARA did his best to tout the TV audience on to Chateaugay in last Saturday's Belmont Stakes. Eddit was quite frank that he thought John Galbreath's speedster would beat Candy Spots. I must get a hold of Eddie's phone number.

WAIT UNTIL Brian Sternberg gets his full growth. The University of Washington pole vault ace, who cleared 16-8 in the Compton Invitational last week, is just a sophomore.

WHO WOULD HAVE THOUGHT the major league baseball races would have so many teams vying for the top spot this far along in the season?

I WONDER WHY the turf at Dodger Stadium is in

such miserable shape. Walter O'Malley had better contact Bill Nicholas who knows a thing or two about applying a nice green dye to a grassy carpet.

ISN'T IT ABOUT TIME that Leon Wagner hit a home run in the home park?

MEMBERSHIP IN THE PCC LANCER CLUB is open to any football fan. Just contact Lancer Athletic Director John Thurman at SY. 8-5502. By the way, PCC's opener against San Mateo, originally slated for Sept. 27 at Horrell Field, has been switched to the Rose Bowl. LANCER CLUB MEMBERS will be invited to dine in the press box and then remain to watch the game. San Mateo finished well up in the national standings last year.

AND WHAT'S NEW on the Liston-Patterson fiasco? DIZZY DEAN is still having the players "slud" into his "Game of the Week" broadcast. Remember when school teachers were getting up a petition to have Dean removed from the airlines because of his miserable grammar?

YES, the "Football Flock" were treated to the Los Angeles Dodger-Chicago Cub game last weekend on the San Diego TV channel. On Saturday and Sunday it is easier to forget that we can't get any Los Angeles TV stations, while watching a choice of two major league games.

AND WHEN ARE THEY GOING TO BUILD THAT TV TOWER?

Editor's Note: They are building it now! In production about October.

SIERRA MADRE LEAGUE BASEBALL SCORES

The Roberts Market Angels in the Minor Division of Sierra Madre's Baseball

League continued their winning streak to take rounds I and II thus capturing the pennant and becoming the 1963 Minor League Champions.

The Angel team, under the direction of Earl La Lone, includes Jeff Adams, Larry Ball, Paul Bolpa, Frank Diebler, Frank Ecker, Walter Embree, Leo Fisher, Steve Gutherz, Tim Ives, Chris La Lone, Ernest Mendez, Charles Morris, Thomas McGuire, Brad Stone, Ross Tyree, and James Wilson.

Their winning spirit has been evident not only on the field but also with the guidance of their team mother Joy Mendez, they sold the most Booster Tickets.

The result of all their effort will be a trip to an L.A. Dodger game, two pennants, individual trophies, and the Sierra Madre News Championship Team Trophy. The boys can be justly proud of their fine record.

In addition to learning the value of effective teamwork and good sportsmanship, the Baseball Association hopes that every boy enjoyed playing ball. The following are the final team standings for Minor League:

Team	Won	Lost	Tie
Robert Market Angels	9	1	0
Ralph's Shoes	6	4	0
Royal Drug	5	5	0

Swimming Team Tryouts June 15

Tryouts will be held for the swimming team tomorrow afternoon, Friday, June 15, from 5:30 to 6:30 at the Sierra Madre City Pool. The team is organized each summer and again will carry on its program of competitive swimming meets with nearby teams from public pools. Those eligible for membership on the team are boys and girls in any one of five age groups. The youngest age group is 7 and 8 year olds, followed by the 9 and 10 years olds, the 11 and 12 year olds, the 13 and 14 year olds, and the oldest members of the team, 15 through 17 year olds. Girls and boys try out separately for the limited number of places in each age group, and in swimming meets they compete separately. There is no residence requirement for membership except that the swimmer live in the vicinity of the pool in Sierra Madre or Arcadia. The summer membership fee of \$3 is charged to each swimmer who successfully passes the tryouts and is accepted for membership.

In the tryouts, each swimmer will be asked to swim at least one stroke, but the swimmer who can swim more than one stroke successfully will have the best chance of gaining membership on the team.

Last year's swimming team had a very successful record of five wins to three defeats, and the team looks forward to at least as good a season this year.

The team is fortunate to have a new assistant coach this year in Roland Leeds, who is a sophomore at the University of Michigan where he was a member of the swimming team. The head coach again will be Rick Appleton, the Sierra Madre pool manager.

The Little League Pennant Race has been going hot and heavy. The Hartman Yankees and the Osti Orioles tied for first place in Round I. The completion of Round II saw the Toy and Patio Red Sox tied for first with the stalwart Yankees. The Little Leaguers are playing fine ball. With scores like 1 to 0, you know the games are very exciting.

Everyone is welcome to attend the games at Heasley Field held week nights at 5:30 p.m. and Saturdays at 9:30 a.m. The boys really love a big crowd and you won't be disappointed especially if you eat at the Diamond Diner where delicious hot dogs, popcorn, soft drinks, coffee and cocoa are served by the mothers of the boys playing ball.

As you probably know, professional umpires are used at all the games. Profits from the Diner are used to partially defray this salary expense.

The Babe Ruth Season got off to a good start June 1 at Sierra Mesa School Field. Douglas Delahooke, president of the Sierra Madre Kiwanis Club, an organization which has sponsored a team since the inception of Sierra Madre's baseball program in 1957, gave a fine speech about sportsmanship and threw the first ball of the 1963 Babe Ruth season.

Excellent games were played that day with the Sierra Engineering White Sox beating the Lange and Fire Dept. Senators 6 to 1. The game between the Highlander Cardinals and the Kiwanis Giants was cut short due to lack of time and will be replayed.

June 2, with a large gallery watching the Sunday games, the senators played the Giants to a 4 to 4 tie, and the White Sox waxed the Cardinals 8 to 6. So the teams stand as follows:

Team	Won	Lost	Tie
Sierra Eng.			
White Sox	2	0	0
Kiwanis Giants	0	0	1
Lange & Fire Dept.			
Senators	0	1	1
Highlander			
Cardinals	0	1	0

Games will be held every Saturday and Sunday at 1 p.m. and 4 p.m. till July 28, with the exception of July 6 and 7. They are really thrilling, well-played games.

You shouldn't miss them if you enjoy good baseball!

Sierra Madre Red Cross Elects Directors, Officers

Because of rain the annual dinner-meeting of the Sierra Madre Branch of the Pasadena Chapter of the American Red Cross was held on June 3 at the Congregational Church rather than in Mr. and Mrs. Carl Brand's garden as scheduled.

J. Irl Beatty, chairman, welcomed about 60 members to the dinner and introduced four guests from the Pasadena Chapter: Mr. Joel Sheldon, retiring chairman, and Mrs. Sheldon and executive secretary Mr. William Spuck and Mrs. Spuck. A special guest was Kevin Snow of Sierra Madre, a distinguished Jr. Red Cross member.

The following members were elected to the Board of Directors 1963-64:

YWCA Presents Speaker At Luncheon

The needs of those who have lost their community contacts and need a bridge over which to make their return will be the topic of a luncheon discussion to be held Monday, June 17, at the YWCA, 78 N. Marengo Ave., Pasadena.

The speaker will be Dr. Alice Overton of the USC School of Social Work. Dr.

Donald Knuth Receives Ph.D.

Donald Knuth of 630 Fairview Ave., climaxed seven years of college study on June 7, when he received his Ph.D. diploma at California Institute of Technology. The degree was awarded in the field of mathematics, for a doctoral dissertation entitled, "Finite Semifields and Projective Planes," dealing with a special branch of geometry.

Overton has recently completed a Fulbright teaching fellowship in Sydney, Australia. Her experience includes work in correction and adoption for girls and an assignment with the New York Youth Bureau in strengthening family life.

Vignettes of YWCA activities will be presented by three members of staff, Mrs. Ernest Griffin, Mrs. William Klein and Mrs. Joseph Newman. The program has been arranged by the program planning committee with Miss Eleanor Stehman, staff coordinator. Mrs. Loyal King, chairman of the program planning committee, will preside. Luncheon arrangements are in charge of a committee of which Mrs. Malcom Stinson is chairman. For luncheon reservations, call SY. 3-5171 by Friday, June 14.

Walter Rode Family Moving To Missouri

Mr. and Mrs. Walter Rode, their daughter, Carol Sue and Mrs. Rode's sister, Mrs. Viola Rhodes of 145 S. Baldwin are leaving for the east by motor car on Friday, June 14.

They will visit Mrs. Rode's mother and father, Mr. and Mrs. George Peterson at Phoenix, Arizona where Carol Sue will spend the summer while her parents and aunt expect to locate near Springfield, Missouri. In the fall Carol Sue will join her family and take her senior high school year.

Mr. and Mrs. Rode have lived in Sierra Madre for the past ten years.

Letters To The News Editor . . .

Editor's Note . . . The following letter was received from a member of the Harry L. Embree Post of the Veterans of Foreign Wars and fairly well sets forth the feeling of the membership regarding the flag in Kersting Square, and the reasons for the non-displaying of the flag in the curbing in front of the merchants' places of business. . . Tomorrow, June 14, is Flag Day, your flag should be flying.

Dear Editor:
The Veterans of Foreign Wars and occasionally the Boy Scouts helped to put out the merchant owned flags up and down the streets of Sierra Madre on Patriotic Holidays. For the last three

years or so the 48-starred flags have taken a terrific beating, plus the fact that no one ever cleaned out the holes up and down Sierra Madre Blvd. and Baldwin Ave. The Vets had one heck of a time, spending hours instead of minutes placing the flags so that they would not fall over. These flags, as everyone should know, NEVER BELONGED TO THE VETS. BUT WERE THE PROPERTY OF THE MERCHANTS OF SIERRA MADRE WHO PAID FOR THEM.

After the new 50-starred flags were issued, at one of the monthly meetings of the VFW, Harry L. Embree Post No. 3208, a proposition was brought up and voted upon to purchase and erect a flag pole in Kersting Court on which would fly daily our new flag.

The Sierra Madre News started the flag raising campaign fund under the direction of Don Jackson, VFW chairman, and through the goodness and generosity of the citizens of our city the money was raised to purchase the pole and the new flag.

At the dedication in November, 1962, the Veterans turned the flag pole and the new flag over to the City of Sierra Madre. It belongs to the City and not to the Vets. The Post members never said that they would be responsible for putting up the flag and taking it down each day. Most of the members work out of town or too late to take the flag down each afternoon.

The reason for the large beautiful new flag that now flies daily in Kersting Court was to get away from a job that had become a chore instead of a pleasure of placing

ing the old damaged flags up and down the streets. Any merchant in Sierra Madre who wishes to place one of their own flags in front of his business establishment most certainly could do it. The old flags are still over at the City Hall and are available to the merchants.

It seems that on every Patriotic Holiday that people still call the Police Department, the Fire Department, the VFW and this time the Chamber of Commerce president, Mr. Curtis, and wanted to know why the flags weren't flying up and down the streets.

—A MEMBER

Dear Editor:

Ever since President Kennedy made his proposals to disallow Federal income tax deductions for home mortgage interest payments, city, county and state taxes and contributions to churches, educational institutions, etc., I have been greatly disturbed as it has seemed to me that if he should succeed in this matter, home owners would be profoundly penalized and all charitable projects would suffer disastrously.

After writing to many of our law-makers in Washington and especially to Wilbur A. Neills, chairman of the House Ways and Means Committee, under whose influence all fiscal bills are handled, I have a letter from Senator Thomas Kuchel stating his opposition to the President's proposals in the following words:

"While I shall await detailed testimony on many of the President's recommendations, there are several proposals which he has made that I have long opposed.

One is the elimination of the \$50 dividend exclusion and the other is the repeal of the 4% tax credit. I was one of the first Senators to oppose these recommendations in 1961 and Congress concurred in the position which I took."

"I am also unalterably opposed to President Kennedy's recommendations regarding limitations on the deductions of home mortgage interest payments. I favor the continued deduction of medical expenses and of state and local taxes. No provision should be adopted which would reduce the level of contributions to charities, churches, educational institutions and other non-profit organizations. Improvement in dependent deductibility should also be made, especially where child care services are required when a mother or surviving father has to hold a job."

It would seem to me taxpayers should be sufficiently interested in Senator Kuchel's attitude to express their support of it.

—M. R. DeWRIGHT.

Faith Lutheran Summer Schedule

The summer schedule of services will be initiated on Sunday morning at Faith Lutheran Church, 845 Hastings Ranch Drive.

At 9, the Sunday School Parent-Pupil Service will be conducted in the church sanctuary, to be followed immediately by the Sunday School session from 9:50 to 10:25. Parents and adults will be invited to participate in the study-discussion session of the Adult Bible Class while the children attend their Sunday School classes.

At 10:30, the congregational service will be conducted, employing the full order of morning worship.

In both of these services, the Rev. Armin Hesse will speak on the Gospel lesson for the day, entitling his sermon "The Problem of the Rich." A fellowship coffee hour in the patio area will follow the second service.

The Children's Vacation Bible School will open on Monday morning. The daily sessions of the two-week school will be conducted from 9 to 11:30 each school-day morning. Mrs. Lois Ladwig will serve as the principal.

Children entering kindergarten this fall and up through those who will enter the eighth grade will be eligible to enroll. Enrollments still may be made in the church narthex before either service on Sunday morning.

Bethany Church Notes

Dr. Robert N. Schaper, pastor of Bethany Church of Sierra Madre will preach his last sermons this Sunday before he goes on a month's vacation. His Sunday morning sermon entitled, "Beyond Thought," will conclude his series on the Book of Ephesians. Sunday evening will find the church honoring high school and college graduates as well as recognizing children and young people who have achieved special honors this past year.

In addition to these special recognitions, Mr. and Mrs. Ron Thompson, recently appointed missionaries to Non-Sectarian Mexican Fellowship with a mission-ophanage located near Ensanada, will speak and sing during the service. Mr. Thompson is a recent graduate of Asbury Theological Seminary and will soon assume his duties at the mission on the Baja peninsula.

Dr. Schaper will minister at "Campus by the Sea" next week beginning June 17, to the Inter-Varsity Christian Fellowship Leadership conference. This is the annual IVCF leadership convocation and quite a number of outstanding campus student leaders will be present. Also, during their vacation, Mrs. Schaper is on the faculty of the Forest Home Music Conference which begins July 14. They will return that weekend.

Speaking in his absence on June 23 will be Dr. Bob Pierce, president of World Vision with headquarters located in Pasadena and in the evening, Mrs. Lillian Dickson, veteran missionary from Formosa. The mid-week service will be conducted by the five adult Sunday school classes of the church.

Thirty young people from the high school department journeyed to the beach last Saturday for a "school's out party" with Ernie Richter, Harry Schulman and Gary Westover as sponsors. They returned late Saturday evening. The junior high Christian Endeavor group welcomed the incoming 6th graders into their fellowship at a "sing" held at the Dave Roess' home on Sunday evening following the evening service.

Dr. Barnhart Sermon Lesson Honors Fathers

Fathers will be honored at the Santa Anita Church of Religious Science, 226 W. Colorado Blvd., Arcadia, Sunday, June 16 at both the 9 and 11 a.m. worship services. The subject of the sermon lesson Dr. Ethel Barnhart at both services will be "The Spirit of Fatherhood." In spite of the very dear statement of Jesus that there is nothing to fear for "It is the Father's good pleasure to give you the Kingdom" (Luke 12:32), fear of one kind or another grips the heart of man which keeps him in a state of mind unable to experience the good gifts of Our Father. Dr. Barnhart will discuss how understanding and applying the basic principles of Religious Science frees man from limiting the expression of God's Goodness in his life.

Coffee will be served after the 11 a.m. service. Child care is provided at both services.

At 9 a.m. every Sunday morning, dedicated teachers conduct a Junior Church for children from pre-school through the eighth grade.

A Youth Activity for high school and first year college students is conducted at 7:30 Sunday evenings by Mr. and Mrs. Robert Spencer.

Weekday activities to which the public is cordially welcome, include a Divine Healing meeting conducted Tuesday evenings at 8 o'clock by Dr. Barnhart, and a Bible Study class conducted by Mrs. Anna Dozier every Thursday morning at 11 a.m.

All men who are interested in living under God's Laws of wholeness and success are invited to a pot luck supper at the home of John Daniel, 500 Mesa Circle, Monrovia, Thursday, June 13 at 7 p.m. Mr. J. E. Wells will be the speaker.

All are reminded of the telephone ministry available by calling HI 7-6162, day or night.

Sermon Topic At Bethany Lutheran Sun.

In a push-button world, where young people complain life is dull, that there isn't enough to do, members of the Lutheran Parish Mission Builder Team have no such complaints. They have a remedy. They find great satisfaction in their service to the church, and, in addition, make many friends. There are nine such teams, each of which includes ten young people, spending ten weeks this summer in serving American Lutheran congregations throughout the United States and in Canada. The teams are presently undergoing a training session at Madison, Wisconsin.

One such team of two young men and two co-eds is coming to East Pasadena at the request of Bethany Lutheran Church. Their peripatetic life in this community will be from June 21 to July 12. The congregation will provide board and room, and pay them a salary of \$1 a day.

Free Swimming Mark Opening Of Swim Season.

This Friday, June 14, will mark the beginning of the regular swim season with a free afternoon of swimming for all Sierra Madre youngsters. The pool will be open from 1 to 5:30. The pool will now remain open until September 8. Monday, June 17, also will note the beginning of Swim Instruction, Junior and Senior Life Saving, Water Ballet and Adult Swim Instructions. Sign up for all these activities can be made at the pool during all pool hours.

While in the community, the team will be living at the home of Mrs. Frances Vail, and eating in different homes in the congregation. Rev. Niels Carlsen, the pastor of Bethany, will use the team for survey work and visitation. They will be installed as Parish Mission Builders at the 11 o'clock worship service on Sunday, June 23.

Delta Zeta Plan Swimming, Lunch Saturday, June 15

Children of the Pasadena Foothill Alumnae of Delta Zeta will join their mothers for swimming and picnic lunch at their meeting Saturday, June 15, from 11 until 3 at the home of Mrs. King Karpen, 955 Winston Ave., San Marino.

Children of both sexes up to age 15 are invited, and there will be bridge and party games for non-swimmers, according to President Mrs. Martin Thompson.

A short business meeting to make final plans for a tea and fashion show honoring Miss Mollie Merritt will, for the third year, receive the local Delta Zeta Scholarship Award of \$100 to Gallaudet College for the Deaf in Washington, D.C.

Committee members for the swim include president Mrs. Thompson, Mrs. Leon McCall, Mrs. Phillip Storm and Mrs. James Merrill. Reservations may be made with hostess Mrs. Karpen at SY. 5-2416, or Mrs. Jay P. Phillips Jr., HI. 7-0423.

Wistaria Poets Submit Poems Regular Meeting

The Wistaria Chapter of Chaparral Poets will meet in regular session on Saturday, June 15, at 2 p.m. in the Sierra Madre Library. Members will submit poems for evaluation and for suggested publication. Visitors are always welcome.

Guests for the May meeting were Olive B. Herring of Sierra Madre and Eve Smith, state president of Chaparral Poets. Miss Smith presented the plans for the Sixth Annual Poets Day Contest in October, 1963. Prizes ranging from \$50 through \$100 will be awarded the winning poems. Information concerning qualifications for the contest will be discussed more fully at the June meeting.

On Vacation
Among Sierra Madre vacationers at the San Clemente, located on the California cliffs overlooking the ocean, were Mr. and Mrs. George E. Tribble Jr. and Mrs. J. A. Hogan.

City Sued On Two Counts

ate suits against the City in the small claims court to be heard on June 21.

Mr. Kelly has had, in his opinion, several disagreements with the city administration, relative to his release from services last fall. The first of these suits are against the City of Sierra Madre and Larry Bevington, City Administrator for the amount of \$200 for what Kelly claims was for wages, sick leave, etc. The second suit was against the City of Sierra Madre and C. A. Barkmeier in the amount of \$36, as Kelly states, for wages at \$3 per hour for 12 hours, which he claims was disallowed by Superintendent of Public Works Barkmeier.

The Council disallowed these claims on the basis of no foundation and authorized Bevington and Barkmeier to be present at the court session.

Final Agreement
Final agreement was reached between Mr. Taylor of Montecito concerning his lot split, the dedication of the street, and the paving of the street by the City. All conditions were agreed upon except that Mr. Taylor asked that the city pave the street within a six months period, this was conceded by the Council.

Suffolk Opening
The condition, relative to Suffolk opening, was asked for by the Council, and a report from the City Administrator was to this effect. That he had notified the appraiser that his report on appraising of the property required for this opening, must be completed and in his hands by June 15, if this was not accomplished by this date his services would be dispensed with and a new appraiser secured for immediate action. The Council feels that now is the time for this project to come into being for completion.

Budget Hearings
The City Council is now in session on Budget Hearings, and it has been noted that they are doing everything possible to keep the expenditures of the various departments at a minimum for the coming year. It is their desire, if possible to reduce.

Sierra Madre's New Residents

Miami. The situation can only be expected to worsen unless Cubans are able to leave Miami and resettle in other parts of the United States. The generous people of Miami can no longer help so many Cuban refugees."

All of the Cubans feel that California's Spanish traditions and the friendliness of the people of Sierra Madre have made adjustment to life in the United States less difficult.

Senor Aguilar, who gave birth to her second child ten days after arriving in Miami says proudly, "Alexandro is an American citizen." All the Cubans hopefully look

forward to returning to their homes, knowing they will have to start all over again, but with the satisfaction of knowing their children's minds have been kept free from the taint of Communism.

Senor Fallero, a quiet, kindly, sensitive person, in whose eyes are reflected the tragedy of Cuba, expresses the longing of a man for his country when he says, "We want our friends in Sierra Madre to visit us when we return to Cuba."

Talk is cheap — talk too much and you'll give yourself away.

Cystic Fibrosis Dinner Dance

Introduced at the luncheon were the new provisionals for the incoming year: Mrs. Sanford Bennett, Mrs. Mel Devine, Mrs. William Grady, Mrs. Leonard Melberg, Mrs. William Olson, and Mrs. Roger Osenbaugh.

Winners of the bridge tournaments were announced — as follows: Women's Bridge: Group I, Mrs. Gus Hagerman and Mrs. Kenneth Holloway; Group II, Mrs. John Du Bois and Mrs. Leonard Evers; Group III, Mrs. Warren Thiele and Mrs. Harold Hennacy; Couple Bridge: Group I, Mr. and Mrs. Dale Sandro; group II, Mr. and Mrs. Harold Hennacy; Group III, Mr. and Mrs. Matthew Slavin.

Vacation Bible School Starts June 17 At Bethany Church

"Living With Christ" is the theme for the annual Daily Vacation Bible School to be held at Bethany Bible School to be held at Bethany Bible Church of Sierra Madre beginning on Monday morning, June 17 at 9 o'clock. The school will run five days per week for two weeks with the concluding hour each day set at 11:45. The school will be conducted for all children from next year's kindergarten to sixth grade.

One of the outstanding features of the preparation for opening day will be the parade of Bible School children which will be held in Sierra Madre this coming Saturday, June 15. Over 100 children are expected to participate in the parade with the theme centered around "space" and its place in the life of the Christian.

Over 60 people will be assisting as staff members for the some 250 children expected to attend. Cemetery Project Receives Court Approval

A major step preliminary to rehabilitation of the Sierra Madre Cemetery was gained Friday in a Los Angeles Superior Court ruling, approving the Sierra Madre Cemetery Association plan to sell grave plots and create an endowment care fund.

The court order authorized sale of some 220 grave plots and 115 smaller sized plots suitable for interment. The Association, through its Attorney Noren Eaton and President Paul N. Carter, sought and obtained validation of a plan whereby two-thirds of all money obtained from sale of grave sites would be placed in an endowment care fund and one-third be used for installation of additional fencing, wall repairs, irrigation system and general cleanup.

Any inquiries concerning the cemetery should be directed to Miss Nina Neale, Secretary, located at 20 N. Baldwin, or Mr. Sterling Ripple of the Ripple Mortuary.

Brownie Troop No. 527 Flies Up

Brownie Troop No. 527, 4th grade, Sierra Mesa and Ascension Schools, held its fly-up ceremony at the Ascension Parish Hall on Wednesday evening, June 5. Parents and friends were invited.

The ceremony was conducted by Mrs. Ken Christanson, leader, and assisted by Mrs. George Dorman, assistant leader.

The following girls received their wings and Girl Scout pins:

Linda Albertson, Prudence Crist, Kim Christanson, Mary Ellen Davis, Mary Dorman, Jenny Fiedler, Leslie Jardine, Sandra Jones, Cheryl Lommatsch, Suzan McComas, Nancy Nelson, Kimberlee Oliver, Heidi Porter, Michelle Roe, Jill Simons, Jill Ann Simpson, Sheila Smith, Cynthia Stornie, Kathy Torry and Gene Cox.

Letters to the Editor

I may not believe in what the man says, but I will defend to my death his right to say it.—(similar words of Voltaire)

Dear Sir:

The California Board of Education has refused to remove "The Dictionary of American Slang, a Crowell Reference, from the shelves of high school libraries; yet this book is so shocking that the Board would not allow its definitions to be read aloud at its hearings. If the Dictionary's sexual and homosexual definitions, its terms to use in illegally acquiring narcotics, its defamatory names for minority ethnic groups and its anti-religious definitions are too obscene to be read to the Board of Education, why should they be made available to teenagers?

One of the least obscene definitions gives an idea of the contents of the book. After defining "Holy Cow" as an euphemism for "Holy Christ," the editor adds "Although this term is considered to be very popular among teenagers, NO SELF-RESPECTING, RED-BLOODED TEENAGER WOULD DARE USE SUCH A WEAK OATH."

Unfortunately many newspapers, columnists, librarians, teachers and public officials condone this book that is a "practicing handbook of sexual perversion" under the guise of freedom of the press. Newspapers and other news media wouldn't dare publish the definitions in this volume which is in so many of our school libraries, public libraries and book stores.

I firmly believe in freedom of the press, but there is a wide difference between "freedom" and "obscenity." This book's obscenity defies imagination. If the subscribers of your paper will read some of the definitions in the Dictionary of American Slang, they will insist that this destructible book be removed from all school and public libraries. Remember, a Republic cannot survive if its people do not keep informed and express their will for high moral standards.

MARGUERITE JOHNSON.

Dear Sir:

In reading the letter to the editor in last week's issue by Franzel Chase about the rear of the stores from Baldwin to Hermosa, and in your answer I noticed that you realized that this was true. I also noticed you stated you were not here when the last drive to install a road and clean up the rear of these stores was raging. You missed a good battle.

There has been a desire by most of the merchants to do this and also encourage the property owners to make rear entrances for customers. Mr. Editor, if you were here to witness for yourself the individual stand, mostly selfish, many of the merchants took in promoting this road and so forth, I also noticed the writer of the letter of last week in closing out their business in our city hung a big sign in their window asking their customers to take their repairs and business out of town, while there has been a Schwinn bicycle dealer and repair shop just to the west of their store. This store,

The Toy and Patio Village, has been doing a fine business for the past 11 years, according to an advertisement in the same issue of the paper.

The attitude of the writer is parallel to the stand taken by the various people as to the Suffolk Street extension.

The little episode of the Bank vs. Drug Store may be the starting of again approaching the opening of this street, or maybe when the Council soon considers taking away parallel parking on Baldwin, or further to eliminate parallel parking on Sierra Madre Blvd. then the City and the merchants may find that rear parking and entrance may prove to be their salvation. Now is the time for action.

Editorially Speaking....

"Favour is deceitful and beauty is vain: but a woman that feareth the Lord, she shall be praised." Proverbs 31:30.

The Incomplete Fisherman

It has been called to our attention, somewhat testily, by a sports-minded colleague that we let the opening of the trout season go by without so much as a smidgen of comment in these august columns.

Mea culpa. Which is as close as we can come to the Latin for the editorial "we." Our apologies to our dedicated outdoor-type friends.

But you should see the complimentary letters we're getting from the trout!

Faith of 7

In his well-named space capsule, Faith 7, Maj. Gordon Cooper spoke some moving words into his tape recorder during his 16th orbit. It was a prayer that expressed not only his personal faith in God, but the faith of the other six original astronauts, and no doubt, of all the newer ones.

Major Cooper's 22 orbits fell far short of Soviet Russia's twin record; but his comprehension of life's true meaning reaches far beyond any achievement the Russians could ever claim. Compare his words with those of Russian cosmonaut Gherman Titov:

Titov: "I saw no God or angels. No God helped build our rocket. The rocket was made by our people. I don't believe in God. I believe in man, his strength, his possibilities and his reason."

Cooper: "Thank you for the privilege of being able to be in this position; to be up in this wondrous place, seeing all these many startling, wonderful things that you have created. Help guide and direct all of us that we may shape our lives to be much better, trying to help one another and to work with one another rather than fighting and bickering."

Titov didn't see God in space, of course. Cooper saw God in the only place man can see Him... in his own heart, and in the wonders of His creation.

Dim View of Welfare State

Congressman Walter Norblad of Oregon's First District periodically polls his constituents on current legislative controversies. Tabulation of his latest poll provides some interesting food for thought. Among the findings:

Opinion as to the wisdom of federal income tax reduction is nip and tuck, with 51.8 per cent saying Yes, and 48.2 per cent saying No.

Sentiment in favor of bringing labor unions under the antitrust laws is overwhelming, with 90.5 per cent in favor.

The present farm price support program gets a heavy No vote — 77.7 per cent as against, only 22.3 per cent in favor of it.

The proposal that large cities be given federal aid for development of their local transportation systems has even less support — 93.5 per cent of the respondents answered No.

Federal aid for school construction and teachers' salaries received a No vote. At the same time, a majority approved the proposal that parents of college students be permitted to claim their tuition, books, and other educational costs as an income tax deduction.

One swallow doesn't make a summer, and a poll of one Congressional district doesn't prove a national trend. But Mr. Norblad's findings are in consonance with others emanating from widespread areas of this nation. To put it simply, the American public at large is taking a dimmer and dimmer view of the Welfare State — with all its costs and bureaucracies and, more important, its relentless aggression against the liberties and responsibilities of the individual citizen and local government.

Human Beings

Some little time ago a "Project Horizon" report was prepared for President Kennedy to show "what aviation can do for our nation and the free world."

A prime example is found in international air travel. As a spokesman for the industry puts it, through reduced fares and international border-crossing procedures, the airlines are achieving the national goal of "international understanding through increased person-to-person contact." He added: "Their flight services and their growing sales efforts are stimulating trade among free countries."

Anything which helps to bring peoples of different races, nationalities and traditions together cannot help but contribute to the cause of peace. It is government, not individuals that make war. But individuals, often because of the propaganda work of governments, develop profound and dangerous misconceptions. They are told that the peoples of other nations are their enemies, bent on their destruction. This is one of the causes of great tragedies of human history.

Thus, the growth in international air travel — which makes it possible to go almost anywhere on earth in less than a day — is helping, to an extent that cannot yet be measured, to erase the jealousies, the misconceptions, the old and malicious fallacies that have been a source of disaster for centuries. Human beings are human beings, the world around, and all have about the same hopes and aspirations. And when human beings meet, they come to know this.

Freedom At Any Price

by Henry V. Witty

I do not choose to be a common man. It is my right to be uncommon — if I can. I seek opportunity — not security. I do not wish to be a kept citizen, humbled and dulled by having the state look after me. I want to take the calculated risk; to dream and to build, to fail and to succeed. I refuse to barter incentive for a dole. I prefer the challenges of life to the guaranteed existence; the thrill of fulfillment to the stale calm of utopia.

I will not trade freedom for beneficence nor my dignity for a handout. I will never cover before any master nor bend to any threat. It is my heritage to stand erect, proud and unafraid; to think and act for myself, enjoy the benefit of my creations and to face the world boldly and say, this I have done.

All this is what it means to be an American.

— Dean Alfange

It has been reported that one of the most glaring examples of government harassment is that of denying income tax deductions on contributions made to certain independent Churches or religious groups. Applications have been filled out, only to receive the report that the church did not qualify under the Internal Revenue Code. Is it legal for government to state what is or is not a bona fide Christian Church? Does not the First Amendment guarantee the freedom of religion? This columnist believes it is not, never has been, and never should be the prerogative of our government to prescribe how Christianity shall be taught or practiced by any religious organization. Under the present income tax rules, contributions could not have been deductible if given to a certain itinerant preacher by the name of Jesus Christ because he was independent and didn't belong to a large, national church.

For years we have been giving away our billions all over the world to "keep countries from going communist." It has been a poor investment, for more and more countries and areas turn left in spite of our billions.

Some Americans say we should continue to give away our savings because it is the charitable thing to do, and we can afford it. Is it? Can we? We have been pouring out our earnings for years to people most of whom tax themselves at lower rates than we pay in order to make gifts to them. And many, many of these nations who not only accept our gifts but demand more, are no nearer self-support nor the self-respect it brings, than when we started to pay their bills.

If (as seems to be true) foreign aid simply makes foreign nations expect it, and if it does not prevent the spread of communism or its blood-brother "neutralism," aren't we simply making more and more countries more attractive prey for communist aggressors? Aren't we just supplying the wealth that will make those areas worth conquering without forcing them to use our aid to make themselves strong enough to resist our common enemy?

Where is the charity — where is the good sense or decency — in that?

—Warner and Swassy, Cleveland

Will History Repeat?
One of the most widely read books of all time is "The Decline and Fall of the Roman Empire." Written in 1776, by Edward Gibbon, it sets forth five basic reasons why that great civilization withered and died. These were:

1. The undermining of the dignity and sanctity of the home which is the basis for human society.
2. Higher and higher taxes; the spending of public money for free bread and circuses for the populace.
3. The mad craze for pleasure; sports becoming every year more existing, more brutal, more immoral.
4. The building of great armaments when the real enemy was within — the decay of individual responsibility.
5. The decay of religion; faith fading into mere form, losing touch with life, losing power to guide the people.

1915 - 1921

By Eloise Parker

June 15, 1921

The last meeting of the year was held by the PTA in the kindergarten rooms the afternoon of June 18, the president, Mrs. Wood, presiding.

A short program was given by parts of the 6th and 7th grades singing two numbers. Harriet Settel recited. Mrs. Asmore sang two numbers very charmingly, and Virginia Yerxa gave "In 1492" — a splendid interpretation.

The minutes of the last meeting were then read and approved. The meeting was then open for nomination and elections.

The following officers were elected: Mrs. Lord, president; Mrs. Reoss, vice president; Mrs. Settel, secretary; Mrs. Bodine, treasurer; Mrs. Udell, historian; Mrs. Allen, parliamentarian. The count of parents and friends followed: Kindergarten, 8; 1-A's, 5; 1-B's, 3; 2nd grade, 9; 3rd grade, 16; 4th grade, 11; 5th grade, 7; 6-A's, 5; 6-B's, 12; 7-A, 6; 7-B's, 12; 8th grade, 14.

The advisability of closing the school on account of a few cases of diphtheria was discussed but it decided upon.

The treasurer reported \$20.65 on hand and different ways were suggested by which it could be used to benefit the school.

After adjournment punch and cake were served by Mrs. Tilton, Mrs. Felgate, Mrs. Settel, and Mrs. Gregory. Mrs. Tilton having charge of the punch table which was decorated very artistically.—Anita E. Gregory.

June 15, 1963

The recording secretary of the Parent Teacher Association submits the following report. There have been seven regular meetings held in the kindergarten rooms. Minutes have been read and approved and recorded. Programs were given at each meeting. —Respectfully submitted, Anita E. Gregory, Secretary.

Seitz Family Return Home

Mr. and Mrs. Jerome Seitz returned to their home at 255 W. Grand View Ave., Tuesday night, June 4, from a 9,000 mile motor trip that took them through Colorado, where they visited Colorado Springs and Pike's Peak. They also drove up through the New England States and went into Canada, visiting Quebec, St. Charles and Montreal.

They enjoyed sightseeing at Niagara Falls and the theatres in New York City. They also spent some time with Mr. Seitz's family in Connecticut and at Mt. Vernon, New York. The Seitz family were gone about a month.

A special hazard when riding on these streets. The second problem is the deep gutters which still exist on some streets such as South Sunnyside, part of Mountain Trail and parts of Highland Ave. These force the bicycle further out into the street and being rather steep, the inexperienced rider is much more liable to fall.

A bicycle is a thing of joy and adds wings to the feet. Just be sure to handle yours sensibly and with all due caution.

Next week: Sierra Madre's Summer Recreation Program.

Ralphs Sponsors Company Member

Ralphs this year will sponsor the son of a company member to the American Legion Boys' State, held in Sacramento, June 16 to 23. To qualify, the young man must be a Junior in High School; he must be recommended by his school principal; and approved by the American Legion District Boys' State Chairman.

The fortunate young man is Doug Fischer, son of Betty Fischer who is employed in the main office payroll department. He is a junior at John Marshall High School.

At Boys' State, young men learn about citizenship and government through observation and participation. They are assigned to political parties, live in "cities" of Boys' State, run for office in government, city, county, state. The high point of Boys' State week is the meeting of Boys' State assembly in the Assembly chambers in Sacramento.

Young Doug Fischer, chosen for Ralphs sponsorship, will go to Boys' State with all expenses paid.

Zooks, if I wasn't frustrated before, I CERTAINLY am now. What with all of the new number systems that have invaded the country like a bunch of locusts, it is amazing that we are able to do anything in this world but oil the key punch machines. I have visions of all of my mail going astray because I forgot my zone number. It is possible to dial for five minutes on the phone and reach some far distant place. Gone is the friendly operator who took you through Salt Lake City and then Denver, on through Omaha, and over the bridge to Council Bluffs, Hump, just a few extra digits and dials and you've eliminated the thrill. If that doesn't work, you get bounced around in space on the Telestar and it comes out right. I just can't cope with how it ends up in the right slot in the right country right now on account of I'm so frustrated. I wonder if the day will come when you'll be signing your letters, not with a name, but, sincerely yours, 549-12-1943-79-7-8634-01107.

June is a month of celebrations, in spite of the gloomy weather that we seem to have been plagued with.

Last Saturday Mrs. George Amthor of Barhite feted her daughter, Georgeanne, and 11 of her friends at a graduation luncheon. Her guest list included Nancy Becker, Judy Ong, Nancy Spence, Janice Fletcher, Susan Coleman, Ann Michener, Sue Terrell, Chris Read, Marlene Rink, Ann Casier, and Nancy Witt. She served a gourmet chicken dish, the likes of which I have never heard of, complemented with salads and little hot rolls.

Last week also was the occasion of a bridal shower given by Mrs. George Holmes of Old House Road for Miss Penny Paschall, who will be married to Kenneth Patrick on June 23.

The invitations read kitchen shower, and no kitchen ever had it so lucky all at once. There seems to be very little in the way of small equipment that she lacks.

Those bidden to attend were Mrs. Jack Paschall, the bride's mother; Mrs. Robert Muller; her aunt Mrs. Kenneth Patrick, her affianced mother, and Mrs. Ada Huntzinger, her grandmother. Also Mrs. Milton Remy, the bride's maternal grandmother, Mrs. George McRoberts, Mrs. Madison Meridith, Mrs. James Nicholson and Mrs. Lincoln Paschall, two more aunts of the bride, Mrs. Joe Phelps, Mrs. Helen Phelps, Mrs. Peter Mazetti, Mrs. Cleo Wallace, Mrs. Charles Blake and Mrs. E. G. Mueller.

I guess Ben and Virginia Rogers won't forget last Saturday night for a long spell. They had planned to go over to Hastings Ranch to one of their "Supper Club" dinners when, from out of the blue, the entire club appeared with wild jingling and much aullabaloo at their own front door, bearing all of the ingredients for the entire party, plus quite a few additional celebrants. The purpose, of course, was to properly and officially warm their new abode. They were presented with a slot machine which might be construed to represent either their losses or their winnings at the game of chance. As it happens, it was the latter, because the jack pot was loaded with silver (This is so seldom.) The Rogers are still in a state of shock about the whole thing. Ben had been pouring cement all day, and I am sure the surprise was without a doubt the last thing they expected.

Those invited were Mr. and Mrs. Charles Klingerman, Mr. and Mrs. Carl Mounter, Mr. and Mrs. J. Arturo Gutierrez, Mr. and Mrs. John Eppard, Mr. and Mrs. Ernest Maurin, Mr. and

Mrs. George Amthor, Mr. and Mrs. David Schnabel, Mr. and Mrs. George Clark, Mr. and Mrs. Dick Schmitt, Mr. and Mrs. John Wiles and the two couples who arranged the entire shebang, Mr. and Mrs. Ralph Paquette and Mr. and Mrs. Jim Germain.

There are some people in this world who always have nice things happen to them, but I have maintained for years that these things happen because the recipients live the kind of lives that deserve life's rewards. The people I refer to are Dr. and Mrs. Lincoln Wilson of Old House Road.

Firstly, they spent a long Memorial Day weekend as guests of Dr. and Mrs. Kenneth Jennings in Santa Barbara. The surprise of the trip was the fact that they were able to observe the sun in all of its glory for two solid days. They came back beautifully tanned from their bouts with the ball and club at the Valley and La Cumbre Country Clubs.

On their return they were guests of honor at a magnificent dinner party given at the home of Dr. and Mrs. George Hjelte on the occasion of their 25th wedding anniversary. The centerpiece on the buffet table was a lovely white arrangement with miniature silver 25's entwined with the flowers. Overhead they had suspended white and silver bells. The guests all got together and presented them with a silver bowl to commemorate the occasion.

The guests were Dr. and Mrs. Charles Langmade, Dr. and Mrs. Richard Compton, Dr. and Mrs. Edgar Flentie, Dr. and Mrs. C. W. Lambert, Dr. and Mrs. Robert McVann, Dr. and Mrs. Jay Welborn, Dr. and Mrs. Howard Scott, Mrs. Little Hicks, Mrs. Mary Gafney, Mr. and Mrs. John Chapman, Mr. and Mrs. W. W. Weillick (from La Jolla) and Dr. and Mrs. James R. Spencer, who drove down from Paso Robles for the occasion.

I'm late, but I too would like to add my congratulations to both Fran and Linc.

Retraining Course Scheduled June 17 Citrus College

The Monrovia office of the California State Employment Service is now in the process of selecting women trainees for a Manpower Development and Retraining course in stenography, according to Mrs. Claudia Ahrens, manager of the Monrovia office.

The class, scheduled to begin at Citrus College, on June 17, will be of six months duration and training allowances can be paid, under some circumstances, to persons enrolled in the course.

Particular emphasis is being given to selection of unemployed persons who cannot be expected to secure appropriate full time employment without further training, who are heads of families and who possess the necessary aptitudes to master the training.

Interested applicants are urged to call at the Monrovia office at 1000 S. Magnolia Ave. or to telephone EL 9-6601 for further information.

Family Fiesta Retreat House Sunday, June 23

Mater Dolorosa Laymen's Retreat League will sponsor the annual Family Fiesta at the Passionist Fathers' monastery and retreat house, 700 N. Sunnyside Ave., Sierra Madre, Sunday, June 23, it was announced by Lewis Kribs, president.

Family Fiesta is a time of reunion, when men who have made retreats return with their wives and families for a barbecued beef dinner and a day of recreation and entertainment in the outdoors, Kribs said.

This year proceeds will be used to pay for a new central air-conditioning and heating system for the chapel, retreat house and dining area, according to Father Faustinus Moran, C.P., retreat director.

A committee of nearly 600 retreat league members is being organized to stage the fiesta, which will include the popular midway or fun zone, ferris wheel and rides for children and guided tours of the retreat house and grounds.

Guests included Mrs. William Suhm, the honoree's mother, Mrs. John Mardesch, the bridegroom elect's mother, Mrs. Paul Adams, and the Misses Cathy Acra, Rita Eing, Connie Billings, Carol Plumblee, Elaine Quesada, Leanne Hunt and Judy Fierman, sister of the bride-elect.

Letters To The News Editor ...

Dear Sir:

It may be of interest to you and the people of Sierra Madre to know that the old Mt. Wilson Trail is now in a safe condition as far as Orchard Camp. But there is still much to do. Places to be widened and grass to be cleared from the edges, a hiding place for snakes. The work on the trail has consisted of hundreds of man hours and energy. The main purpose is that the senior citizens of our town can once more enjoy in safety the trail that gave them so much pleasure in the days gone by. For in these beautiful mountain haunts a man can fuse his latest thoughts with his earliest memories as he can hardly do anywhere else.

I have been keeping an accurate record of the volunteers, besides the members of the Rescue Team, who have helped on the trail.

Perhaps the most work has been done by a 62-year-old Maywood man, Ambrose Zaro, who hiked the trail in the early days with a brother who had a touch of lung trouble. His is truly a work of love. Almost every weekend he hits the trail at 6 and

does wonderful trail construction.

Other volunteers, Sierra Madreans, are Melvin Kunihro, Mike Hutter, Steve ark, Raymond Smith, Jimmy Brooks, Margaret Anthony, Betty Wark, Hugh Colvin and his son, Donald.

Among the writers who have given articles trying to get us support are Robert Evans of the Sierra Madre News; Martha Coutant, Monrovia News-Post; Rick Nielson, San Gabriel Valley Tribune, and Russ Leadabrand, Pasadena Star-News and writer of the current best seller, "Guidebook to the San Gabriel Mountains." We do appreciate all they have done.

I couldn't help but notice that Mrs. Preston in her letter to the editor mentioned that Explorer Scouts were also rebuilding the trail. I have worked on the trail constantly since last January and have not noted this activity. Could you please get the name of the Scoutmaster and workers from her? We need and would love to work with them.

BILL WARK,
Public Relations.

Sierra Madre Search and Rescue Team.

Dear Sir:

Just a note to let you know that someone on the distaff side enjoys your new sports column. I get disgusted with some of the sports writers on the metropolitan papers who use a lingo even they don't understand.

Maybe it's too early to tell, but Mr. Ives seems to use a nice blend of local news plus national coverage.

Nice going.
MRS. LARRY SALVESON.

Dear Editor:

Congratulations, Trudy: Many of us (I for one) are at times quick to condemn others, simply because we do not agree with them. When we learn to admit that the (other side) may be correct at times, we make a great step in the right direction.

We will also volunteer to raise and lower our flag for two days. Under the flag, and a benevolent God, our family has enjoyed a truly wonderful life. I am thank-

ful each day for the freedom we all still enjoy to voice our opinions, and agree or disagree as we see fit.

I hope that the Sierra Madre News continues to print all letters, controversial or otherwise. Who knows, this may be the vehicle for a better understanding for us all.

—T. C. LODGE

Dear Sir:

To confirm my phone order of this noon.

We are thoroughly fed up with the biased, unfair, distorted reporting of our Monrovia paper, and are changing to your paper at Dr. Witty's recommendation.

M. F. HALLIWELL.

Dear Editor:

It is with deep concern that I read about the fence episode. It brought to mind the poem by Robert Frost, "Mending Wall." Perhaps quotations thereof are appropriate.

"Something there is that doesn't love a wall. That sends the frozen-ground-swell under it, And spills the upper boulders in the sun;

Follow-Up
Stick to one job until it is finished — a four-bagger counts only after you touch the plate.

Too Many Chiefs
Too many of our young men are trained to be bosses before they learn to be bossed.

And makes gaps even two can pass abreast.

... The gaps I mean. No one has seen them made or heard them made

"Stay where you are until our backs are turned!" We wear our fingers rough with handling them. Oh, just another kind of out-door game, One on a side. It comes to little more:

There where it is we do not need the wall: He is all pine and I am apple orchard.

My apple trees will never get across And eat the cones under his pines, I tell him. He only says, "Good fences make good neighbours."

"Why do they make good neighbours? ... Something there is that doesn't love a wall ..."

FLOURNOY REPORT

by Assemblyman
Houston L. Flournoy
49TH ASSEMBLY DISTRICT

A bill to provide major financial assistance for road construction and maintenance in our cities and counties made another advance through the Legislature after receiving approval of the Assembly Committee on Municipal and County Government.

Sponsored by Senator Randolph Collier of Siskiyou County, Chairman of the Senate Committee on Transportation, SB 344 would increase the tax on gasoline from 6 cents to 7 cents and also adjust the weight fees on trucks. If signed into law it would provide some \$70 million for local road purposes.

Assembly Speaker Jesse Unruh and Senator Collier negotiated amendments to the bill to provide support for metropolitan transit systems. The amendments, also approved by the committee, permit county boards of supervisors to increase the in lieu tax on automobiles from the current 2 per cent to 2½ per cent.

Fundamentally focused on the problems of rapid transit in Los Angeles County, the amendments essentially established local option among the counties in providing support for this purpose.

Many city representatives of the 49th Assembly District made the trip to Sacramento to attend the hearing, and their presence served to emphasize the difficult problems of road construction.

Subscribers Will Benefit From After 9 Rates

California Water and Telephone Company subscribers will receive the benefits of the company's reduced "After 9" rates for night calls placed to distant California cities, which became effective Monday, May 6, according to Henry Schull, the firm's district manager.

The new rate affects those calls placed between 9 p.m. and 4:30 a.m. to communities within the state but more than 110 miles away, and placed on a station-to-station basis, Schull said.

The reduction in rate will range from 5 cents for calls placed to cities in the 111-130 mile range, up to 55 cents per call to points involving extreme distances within the state. The maximum charge for an initial three minute station-to-station call will be 85 cents, plus tax and 25 cents for each minute thereafter, under the new schedule.

An example of the saving which California Water and Telephone Company subscribers can make, Schull said, would be in the charges for a call placed from Sierra Madre to San Francisco "After 9," which would cost 80 cents, plus tax, as compared to the same call placed between 6 and 9 p.m., wherein the charge would be \$1.05 plus tax. The same call placed between 4:30 a.m. and 6 p.m. would result in charges of \$1.25, plus tax, it was revealed.

Long distance rate schedules for calls placed on a person-to-person basis have not been changed at this time by the establishment of the economical "After 9" rate, the manager said.

tion and maintenance within our rapidly growing area. Hearing the testimony as a member of the committee, the evidence for action seemed to me to be overwhelming. The Committee's final "do pass as amended" was unanimous.

With the support of Speaker Unruh assured by the adoption of the rapid transit amendment, and the possibility of the Governor's approval similarly enhanced, SB 344 appears to have an excellent chance of becoming one of the first major enactments of the current Legislative session.

CARROT TOP

lem. Call your Congressman.

Teacher: "Can I order some new history books?" Superintendent: "Not in this election year."

Principal: "Where are the erasers, chalk and pencils we ordered?" Superintendent: "You'll have to wait. Military appropriations were increased last month."

Proud Father: "Look, my boy Scott is awfully smart. Could he skip first grade?" Superintendent: "Is he a Republican or Democrat?"

And on and on it goes, and where it will stop nobody knows, but we can guess.

One thing that you can mark down in a prominent place and never forget: "The government always controls that which is subsidized."

The only time that I know of that this procedure could not be followed was the time the Navy asked the government to subsidize a "Baby Diaper Service."

In closing this column for this week, I leave you with the following thought: "If you have the fight and desire and keep your eyes and ears open, you can accomplish anything you want." And I do mean anything ... See you around I hope, I hope, I hope.

Named President

Mrs. Isabel Oswald and Mrs. Gordon Foster of 1415 Tropical Rd. in Hastings Ranch, have received word that their son and brother respectively, Dr. John W. Oswald has been named president of the University of Kentucky. He resigned his post as vice president for administration at the University of California.

Dr. Oswald was elected to Phi Beta Kappa at De Pauw, undertook his graduate study at the Davis and Berkeley Campus of the University of California. A man's reasoning may be faulty, but it is better than excuses. The fellow who insists on speaking his mind soon has nothing left but his thoughts.

Invitation To Secretaries From Lobster House

Here's an invitation to business secretaries to be started by Castagnola's Lobster House on Foothill Blvd. near Rosemead — a complimentary lunch for two if she is among the first ten to call this week. Genial Alonzo Moore got the idea when a secretary mentioned she had recommended his restaurant to her boss. So why not spread the word faster, said Mr. Moore and promptly prepared this offer. Give him a ring at EL 6-1919.

The Lobster House specializes in fresh seafood, delightfully served in a ship-board atmosphere. The choice ranges through delectable abalone and swordfish steaks, cooked with the most exacting care to bring out the full flavor of these delicacies, on through their famous Louie salads.

The restaurant is open daily from 11 till 8:30, somewhat later on Friday and Saturday, 3533 E. Foothill Blvd., Pasadena.

Santa Anita Dog Training Obedience Class

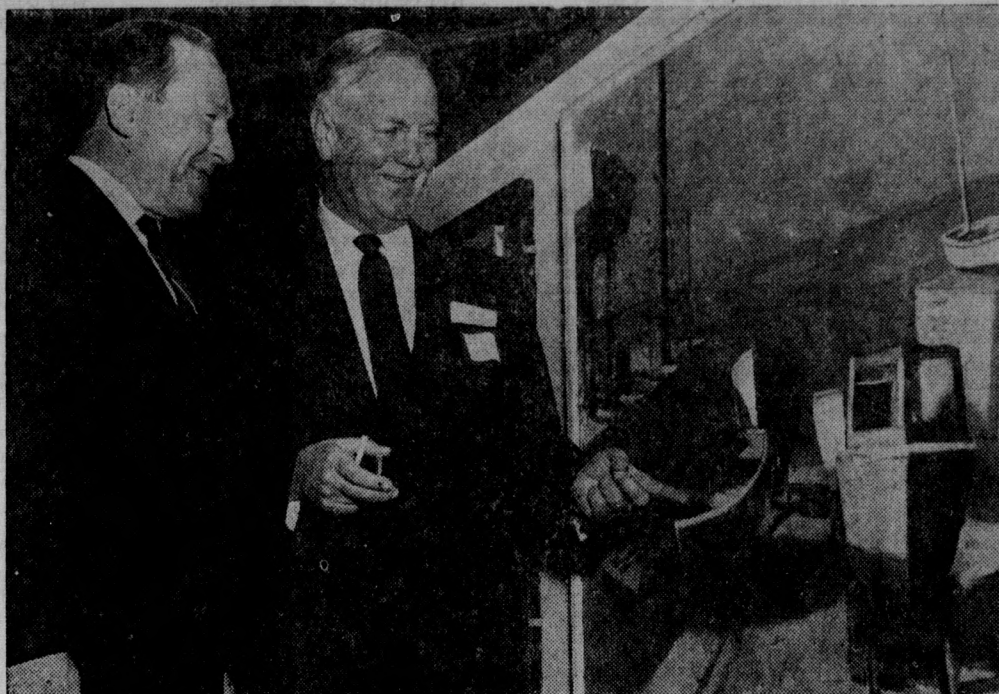

The Santa Anita Dog Training Group will be starting two new obedience training classes in Arcadia this month as well as one in Alhambra. These classes are not just for the problem dog, as any dog deserves an education.

A trained dog is a happy dog — modern living requires it and good-will of neighbors demands it, points out the group.

Any dog five months on up may be enrolled.

The classes in Arcadia County Park will start on the following dates — Wednesday, June 12, 7 p.m., and Monday, June 24, 7 p.m. The one in Alhambra, will start on Thursday, June 13, at 7 p.m. Any dog five months on up may be enrolled. For further information please call HI 6-6858 or EL 9-1481.

A good reputation makes friends — it takes character to keep them.

HOWARD AHAMSON, right, chairman of the board of Home Savings and Loan Association, gives Los Angeles Mayor Yorty a preview tour of the firm's traveling all-city art exhibit which will be shown at Home Savings Pasadena branch, 860 E. Colorado, June 14 through June 26. The exhibit comprises 14 paintings which were purchased by Home Savings since 1953 when it began sponsoring the annual art festival. The winning paintings include oils, lithographs and water colors. The free exhibit will be displayed during regular office hours, according to Russell E. Denney, branch manager.

Marjorie Torres Attends Baha'i Conference Held In London

Mrs. Marjorie Torres, 332 1/2 E. Sturtevant, has returned from England where she attended the first World Congress of the Baha'i Faith in London.

Some 7,000 Baha'is from more than 70 countries attended the five-day Congress, held in historic Royal Albert Hall on the edge of Hyde Park, she reports. Major purpose of the Congress was the celebration of the "Most Great Jubilee, the 100th Anniversary of the Declaration of the Baha'i Faith by its founder, Baha'u'llah," Mrs. Torres said.

"At the same time, we celebrated the successful completion of our ten-year, world-embracing spiritual crusade for the conquest of the hearts of men," the local resident reported.

"For the first time in history, Baha'is from all continents and from different races, tribes, classes and nations met in love and unity," she added. "It was a deeply moving and soul-stirring mutual experience as we felt in our hearts and saw with our own eyes the unity of mankind which had been announced a century ago by

Baha'u'llah. The thousands of faces, radiant with love, were the greatest proof of the words of Baha'u'llah that 'this earth is but one country — let it be in unity.'

"The Congress was most colorful, as many of those attending came in their native costumes, and the London papers devoted pages to pictures and stories of the meeting," she continued. "In addition to the Baha'is from the United States, who travelled in chartered jets from Los Angeles, Chicago, and New York, there were representatives from the Indian tribes of North and South America, pigmy tribesmen from the Congo, Eskimos from the Arctic, former so-called untouchables from India, Aborigines from Australia, and Chinese, Japanese and Vietnamese, among many others."

"Among the highlights of the Congress was the introduction of the nine members of the newly-elected Universal House of Justice," Mrs. Torres said. "One of the Americans elected to this body is Charles Wolcott, who spoke several years ago at a Baha'i meeting in Sierra Madre when he was musical director of M.C.M. and a member of the United States Baha'i National Spiritual Assembly."

"Baha'u'llah in his teachings calls for a world-embracing administrative order which would assure the just representation of the interest of all people, and the election of this first world Baha'i body representing the crowning act of year of work," she explained. "More than 500 delegates from the 56 National and Regional Baha'i Spiritual Assemblies throughout the world participated recently in the election at Haifa, Israel, the international center of the Faith. According to the Baha'i teachings, this new body, although elected in a democratic fashion by representatives of the millions of Baha'is throughout the world, is empowered to enact laws for the Baha'is which are not specifically recorded in their Holy Writings. It characterizes the progressive and flexible nature of the Baha'i Faith that the new Universal House of Justice not only can enact laws, but can also abrogate them when conditions change and they are no longer needed." During her European visit, the local resident also made a brief trip to Paris.

Baha'u'llah

(THE GLORY OF GOD) FOUNDER

BAHA'I World Faith

A Few Appreciations of the Baha'i Faith

QUEEN MARIE OF RUMANIA:
"It is a wondrous message that Baha'u'llah and his son, 'Abdu'l-Baha, have given us . . . It is Christ's message taken up anew, but adapted to the thousand years and more difference that lies between the year one and today . . . If ever the name of Baha'u'llah or 'Abdu'l-Baha comes to your attention, do not put their writings from you. Search out their books, and let their glorious, peace-bringing, love-creating words and lessons sink into your hearts as they have into mine."

LEO TOLSTOY:
"Baha'u'llah's teachings now present us with the highest and purest form of religious teaching."

DR. GEORGE WASHINGTON CARVER:
"I sympathize with the Baha'i Faith with all my heart because it has the spirit of Christ in it."

DR. BENJAMIN JOWETT OF OXFORD:
"This Baha'i movement is the greatest light to come into the world since the time of Jesus Christ. You must watch it and never let it out of your sight."
